"Young Researchers' Career Development Project - Training New Doctoral Students" of the Croatian Science Foundation

The goal of the "Young Researchers' Career Development Project" is to develop an integral and stable programme of funding young researchers at the doctoral level. This Programme finances the development of scientific careers of young researchers, striving toward continuous education and exchange of knowledge with the ultimate aim of creating a network of scientists whose skills can compete in the international scientific community.

The project leader is Full Professor Mirela Župan, PhD, and based on the project I am employed as a full-time research assistant at the Faculty of Law Osijek.

Scientific research within the project is focused on the digitization of law from the procedural and substantive aspects.

Osijek, Croatia

Appointed member of the Organising Committee of the International Doctoral Conference Sustainable Development - Challenges for the Future in Research

[2019 – 2021] **Legal and Economic Clinic** Faculty of Law Osijek

The Clinic is a project of the Faculty of Law Osijek and the Faculty of Economics Osijek, and it is the first example of an interdisciplinary approach to the issues of the small and medium enterprises in the Republic of Croatia.

The Clinic is focused on the problems of novice entrepreneurs, but also to all those who are just thinking about entering the "entrepreneurial waters".

Practical exercises in the Clinic are solved by mixed teams of students from both faculties, under the supervision of mentors, who are experts in their fields of activity - professors from both faculties, lawyers, notaries, business advisors, lawyers and judges of the Commercial Court in Osijek.
